The rules of Jigsaw Sudoku are simple. Place numbers on the grid so that row, column, and cage contains exactly one of each number from 1 to the size of the grid.

For this challenge, solve the 3 Jigsaw Sudoku puzzles on the next pages. To submit your answer, write what is in the cells marked A, B, C, D, and E. Don't use spaces or punctuation. For example, consider the following 5 × 5 Jigsaw Sudoku puzzle and its solution:

You would submit the 5-digit number: 41244

Here are the puzzles!
